The DIMMER VIEW

by Max Goodwin

A Troika at the Top

The events of the last year have dramatically changed President Nixon's appearance. The change was obvious during his past two television appearances. He has grown suddenly old, haggard and weary appearing.

Television lights sparkled from perspiration droplets on his face. He gave the appearance of a man emotionally disturbed.

Indeed, he should be. Who could withstand the trauma of a tried-and-trusted organization crumbling into rubble of dishonor and guilt without showing emotion?

A show of emotion is the indication that he is human. The fraud, corruption and intrigue that started with Watergate is greater, probably, than that which any other president has had to deal with.

In another nation the continuing crisis would have overthrown the government. New forms are generally more dictatorial. The current crisis if nothing else, is proving the strength of our democracy. So far only people have been thrown out. The governmental system still stands.

But hazards are mounting. If Mr. Nixon became so emotionally disturbed that he could not function properly as the head of the nation, what then? Yes, there is an order of succession. But intimate government knowledge is not passed down. Even the vice president is kept ignorant of many activities. And with Spiro Agnew gone, even the knowledge that comes by osmosis is missing.

The sad fact is that if Mr. Nixon became mentally incapable there would be no one with sufficient knowledge of secret events to take over his office without imposing an even greater crisis. There also lacks machinery for removing an ill president if he resists, even if his performance is doing irreparable harm to the nation and the world.

Much of the intrigue, corruption and secrecy at the top of our government could be overcome with a slight change in our Constitution. The change would be the election of three men to the presidency instead of one — a troika. Troika means "three abreast". Instead of one man having to carry the impossible burdens of the nation and much of the world, a trio would do it.

Each of the trio would be exactly equal in reigning power. All would vote on issues. Two votes out of three would carry the issue. There would be no ties unless one abstained from voting.

All of the rest of the election machinery would remain the same except how the three are chosen. The top two candidates of the winning party would be elected. The single top vote-getter of the other party would also be elected.

How about that for providing presidential watch dogs? They would watch each other. The first thing to go would be secrecy. The people have a right to know how their business is being conducted and in a troika there would always be the opposing party-member who would tell. Even the underlings would have a degree of competition. Conspiracies and harassments committed under President Nixon (with or without his knowledge) would have been sooner revealed by opposing underlings.

It would speed up the work of government rather than bog it down. There are plenty of things all three could agree on.

And there would be plenty of times when the negative vote would be cast. Even on a two-one vote the minority voter would have ample opportunity to air the minority viewpoint. That in itself would give an added dimension to democracy.

Don't hold your breath until such a change is made. It won't come about until a great uproar comes from the electorate and great leaders respond to the cry. Then dedicated leaders must give guidance to the idea. And it could be done.

But as long as those who aspire to hold office in the operation of this country want to leave plenty of room for secrecy, intrigue and corruption, such an idea just won't get consideration.

But wouldn't it be fine if it came to pass. Think about it. No more Watergate. No more lost tapes. No more hidden real estate profits. No more secret incomes. And no more treasure-trove of campaign funds from the industries that will get it all back, with profit, a few months after election.

Anxious Reader:

Yes, howls of the people can be heard. Regardless of what Gene Klein, the owner of the Chargers, says, the sacking of Harland Svare was responsive to the outcry as much as it was Svare's losses. Klein had said two weeks earlier that he wouldn't sack a coach in mid-season. But he did!

If you could have stood on the field and viewed the frightful scene of people near riot Sunday at the game's end, you'd have been afraid.

The bad part is that there was some lawlessness involved. The good part is that the people in charge got the message.

That reminds of the ironic yarn that was being tossed about in the press box Sunday, the day before the sacking. It went: "There's good news and bad news today. The good news: Svare's been fired. The bad: "They gave Nixon his job."

Helix District Seeks Bids For Two New Pumping Plants

Bid invitations for two new pumping plants have been issued by the Helix Water District following a recent board of directors meeting.

The Dictionary Hill and Vista plants will replace existing underground pumps which are no longer adequate to meet demand. Both plants will be above ground, housed in buildings designed to conform to neighborhood standards, and will be erected at an estimated cost of $167,000.

District President Harry Griffin of Lemon Grove said tentative plans call for return of the bids by Dec. 4, with construction to begin shortly thereafter.

Dictionary Hill will be located at the northwest corner of Cordoba and Delores streets, Spring Valley. It will be surrounded by a five-foot chain link fence, and the area will be professionally landscaped with much of the site being left in its natural state.

"There may be some inconvenience from noise and dust during construction," said Bob Rundell, Spring Valley board representative, "but work should be completed within 90 days, and we don't expect any problems after that."

Vista pumping station will be situated at Vista Del Valle blvd. and Lisbon ln., in a residential area. The building is to be designed of concrete block to blend with others in the area, and will be landscaped professionally, like Dictionary Hill.

Construction is planned for 90 days, and the contractor will be required to minimize disturbance of neighbors during that period.

Wardwell, Schafer Re-elected To Local Fire District Boards

William E. Wardwell was re-elected to the Lemon Grove Fire District Board of Directors Tuesday by a 2-1 majority over Dennis E. Moreno.

Wardwell drew 2,683 votes; Moreno, 1,339.

Wardwell has served on the board eight years. During his term the District has upgraded its equipment, avoided bonded indebtedness, and this year, the tax rate was reduced .036.

For Moreno, associated with a traffic radio advisory concern, it was his first try.

In a similar election in the Spring Valley Fire District, Arthur S. Schafer was re-elected and William R. Bridwell, a patrol service operator, became a first time winner. The totals: Schafer, 4,776; Bridwell, 2,057; Martin Carlson, 1,998, and Earl Roland, 1,537.

State Prop. 1, the Governor's tax limitation proposal was defeated in San Diego County 158,402-156,189. Gov. Reagan claimed the opponents had confused the issue.

County Prop. A that would have changed salaries of county employes from the control of a commission to the County board of Supervisors took a 2-1 walloping. The results: 203,987-93,536.

Sports in San Diego suffered a defeat when Chula Vista residents turned down the multi-million dollar Sports World concept proposed and to be privately financed by Dr. Leonard Bloom by a narrw margin. That total: 9,643-9,349.

LAFCO Proposal Kills Local Park Project CoC Spokesman Says

SAN DIEGO (CNA) — Annexation of 290 acres of the Encanto area to Lemon Grove's county service area for park development was authorized Monday by the Local Agency Formation Commission.

But LAFCO put conditions on the action to protect a local park to be voted upon next year by Lemon Grove residents.

The annexation area is located southeast of Highway 94, near MacArthur drive, west of the city limits, but generally within the City of San Diego.

The annexation was justified by plans for the county service area to obtain an additional 18-acre park site in the Encanto area. The service area has an assessed valuation of $36,000,000, and the area to be annexed has a value of $2,100,000.

Mrs. Helen Myers, speaking for the Lemon Grove Chamber of Commerce, opposed the annexation. She said acquiring the 18-acre park site would add 16 cents to the area's tax rate and that this might defeat the proposal to acquire a six-acre park site in the present district.

"They will be together on the ballot," Mrs. Myers told LAFCO, "so Lemon Grove people will be unable to vote on their own park. This will defeat the six-acre site proposal."

LAFCO said the issues could not be split on the ballot. The population of the Encanto area is 2,000, compared with between 22,000 and 26,000 in the existing area.

Mrs. Myers said the chamber was not against parks, but wanted to be sure a favorable vote was cast for the present service area's own proposal so it would not miss out on a grant of $41,000 due from Housing and Urban Development.

Bear then moved for approval of the annexation, only on the grounds the two issues can be split on the ballot. He said residents should have an opportunity to vote for their own park and, separately, to vote for or against the annexation.

If this is not possible, the annexatioin should be left off the ballot, and just the 7-cent tax rate for the six-acre park be voted on. In addition, the services area has up a rate of 13 cents per $100 of assessed valuation for landscaping.

Grossmont Sells A Lot, Keeps A Lot

Two pieces of high school property were offered for sale Monday night by the Grossmont Union High School District, but only one buyer bothered to submit a bid.

A triangular, 3,600 square foot piece of land at the intersection of University and Yale was sold by Helix High School to LaRussa Service, operator of a service station at the corner. LaRussa's bid of $5,000 was accepted by the board. The property has been leased to the service station operator, who acquired the land to augment parking facilities at his station.

A section of hillside, adjacent to Monte Vista High School, was not bid on. The 10.47 acres is valued at $62,500 by the district, with a six per cent real estate brokerage fee allowed. The land has been declared surplus by the governing board, who has in the past year and a half rejected as inadequate two bids on the property.

Higher Home Tax Exemption Increases Filings by 53,000

Filings for 1973 Homeowners Property Tax Exemptions in San Diego County increased by almost 53,000 over the preceding year, according to County Assessor E. C. Williams.

Including late filings between April 15 and June 15, 239,293 Homeowners Exemptions amounting to an assessed value of $415,265,942 were approved for County property owners.

Using an average tax rate of $10 per $100 assessed valuation, more than $41.5 in property tax was saved by these homeowners this year. The County does not lose these funds as they are reimbursed by the state government.

Those who filed prior to April 15 received the full exemption of $1,750 assessed value, increased from $750 in 1972 by legislation passed last December. Approved filings in the April 15-June 15 late period will receive 80 percent of the exemption.

Williams estimates that 40 percent of the increase in 1973 filings is due to excellent cooperation in alerting qualified homeowners to the increased exemption by news media, banks, savings and loan. and escrow companies.

The balance of the increase is considered due to new residences and the drop in Veterans Exemptions from 20,000 to 1,800, since the exemption for veterans remained at $1,000 assessed valuation.

A highlight of the affair will be a country dinner.

A Routine Week

The Lemon Grove Fire Department, for the week of Oct. 29-Nov. 5, answered seven fire calls and two first aid calls.

Grossmont League Summary

Joining Mt. Miguel and Grossmont in the win column in last Friday night's Grossmont League football action were Santana and El Capitan.

Santana introduced a new offensive formation and surprised Granite Hills, 24-19. Quarterback George Cartwright completed only three of 12 passes, but two were good for touchdowns. In addition to Cartwright, the Sultans had two other outstanding performers, Mike Ahsing and Wes Hancock. Ahsing carried the ball 21 times for 118 yards, while Hancock booted three extra points and one field goal from the 36.

Granite Hills trailed 14-13 at the half and 21-13 at three quarters. A fourth quarter touchdown made it 21-19 when Hancock added another field goal to clinch the win for the Sultans.

Helix had a miserable night in losing to highly favored El Capitan, 12-7. The Scotties were coming off a close loss to Mt. Miguel but costly errors plagued the Highlanders. Helix suffered five fumbles.

It was a costly win for El Cap. They lost the services of quarterback Joe Unden with a shoulder separation.

Aztecs Face 'Hard Luck' 49ers Saturday in Stadium PCAA Play

Trouble-plagued Long Beach State brings its winless football team to San Diego Stadium Saturday for a Pacific Coast Athletic Association game scheduled for 7:30 p.m.

The 49ers (0-7-1 and 0-3 in PCAA) who have had terrible luck with running backs, problems at quarterback and will be looking for a new coach next season have yet to beat an opponent. Before the season started, All-American JC runner Leanell Jones from Laney broke a leg and was lost for the season. Then fullback Ron Choate quit the team and leading rusher Tommy Nathan suffered a separated shoulder six games into the season.

Coach Jim Stangeland, who announced he will retire after the season, has tried three quarterbacks without success. Letterman Gary Wann started the season, but failed. The job has since fallen to sophomores Lloyd Michaelson and Dave Dykstra. Michaelson, however, is hitting just 40 per cent of his passes and Dykstra, 34.

San Diego State ran its record to 5-1-1 last week and 1-0-1 in the PCAA with a 27-27 tie with San Jose State. It was the first Aztec tie since 1968 with Tennessee State, 13-13—a total of 51 games.

The Aztecs trailed 20-3 at the half and 27-10 with just 8:30 left to play. At that point quarterback Jesse Freitas rallied the team to 17 points and a tie. The game tying point came on a 32 yard field goal by Benny Ricardo with just two seconds remaining in the game. The field goal was Ricardo's seventh of the season, which is a new Aztec season high.

Freitas, who was named PCAA Player of the Week, hit 29 of 46 passes for 427 yards in the game. He hit 22 of 33 passes in the second half and 12 of 20 in the final three Aztec drives.

He will enter the game with Long Beach as the nation's top passer. He is averaging 18.6 completions per game and his completion percentage of .617 is also tops in the NCAA. Freitas has completed 130 of 211 passes for 1659 yards and nine TD's.

Freitas is also third in total offense with 230.9 yard average, third in passing offense and his 427 passing and 417 yards total offense are second only to Gary Sheide of BYU total of 439 passing and 420 total offense against Iowa State.

Tight end Darold Nogle is fifth in the nation in receiving with an average of 5.4 catches per game. He is the top pass catching tight end in the nation.

Gulls Take to Road Due Home Nov. 15

The San Diego Gulls have three more games to play before returning home in mid-November.

On three successive nights starting Friday they play Salt Lake City, Seattle and Portland. The games will be broadcast on KOGO Radio 60 with Mike Lange calling the play-by-play.

The Gulls had a two game winning streak stopped on Saturday night when the Denver Spurs edged the Gulls 3-2. It was a wild game with a total of 88 minutes in penalties called. Denver's Bob Gassoff accounted for 34 of thoe minutes with a pair of two minute penalties, two 5 minute fighting penalties, a 10-minute misonduct and a game misconduct. The 34 minutes was three short of the WHL record, that set in 1964 by Connie Madigan when he was a Portland Buckaroo. His total, and still the league mark, was 37 minutes.

Tom Trevelyan, the Gulls leading scorer had a goal and an assist in the defeat and new-comer Kerry Bond tallied his first goal as a Gull.

Bond was just acquired from the Boston Bruins organization. He is 6', 190 pounds and a native of Sudbury, Ontario. Last year Kerry played with the New Haven Nighthawks of the AHL and scored 19 goals in 64 games. This season he started off with Phoenix and had 3 goals in 6 games. Bond is 28 years old.

San Diego will return to Sports Arena ice Thursday night, November 15 against the Denver Spurs and Saturday, November 17.

The Russian team hockey game is scheduled for Jan. 3, general manager Max McNab said Monday. Tickets are being made presently to this year's season ticket holders.

Flournoy is Vote Getter

Houston (Hugh) Flournoy, State Controller, who has announced his candidacy for Governor, said that in Nov., 1970, he was reelected to his office by a plurality of 1.4 million votes — the greatest ever given a candidate in a major State contest.

Monarchs Lose To Foothillers

SPRING VALLEY — Any hopes that the young Monte Vista Monarchs had of advancing to the CIF playoffs may have been dashed Friday night when the battling Grossmont Foothillers shelled the Monarchs, 21-6. The loss left the Monarchs with a 2-3 mark, while Grossmont advanced to 4-1.

Sophomore fullback Joris Hitt led the Foothiller attack, throwing key blocks that enabled his teammates to rip the Monarch defense for 179 yards rushing.

It was all Grossmont from the start. The Foothillers raced to 20 first downs and finished the night with 389 yards total offense. The defense was stingy, allowing the Monarchs just 134 yards on the ground and held Steve Perdue to just seven yards passing.

Pat Panzarella scored two first half TD's for the Foothillers as they posted a 14-0 halftime lead. They extended the lead to 21-0 in the third quarter when Winn Raleigh took a Rundle pass for 13 yards and the final 'Hiller TD.

Monte Vista's lone touchdown came in the fourth period when Perdue hit Mitch Bonilla with a seven-yard strike and six points.

This is the second year the S/S/A has awarded Journalism Scholarships. The money is derived from the association's Annual Golden Jock Awards Banquet held each year in May.

State Heavyweight Champ

Cal. Champ Fights Here Fri. Night

K.O. Smith

California's heavyweight champion, Howard "K.O." Smith of Los Angeles, has replaced the injured Jerry Quarry in Friday's main event at the San Diego Coliseum.

Smith, a muscular boxer-puncher, meets Oakland's Steve Carter in a 10-round contest. The state title will not be on the line.

Quarry, rated number four in the world, had to drop out of the card late Saturday afternoon after suffering a gash under his chin when butted accidentally while working out at the Coliseum with Mike Weaver of Pomona.

The Smith - Carter fight should be a close contest since both men are identical in size and have comparable records. Smith is 14-1 as a professional with 10 knockouts and Carter has a 21-5 mark with a like number of kayoes. Both are 6-2 and 200 pounds.

Smith won his state title here in June by taking an upset decision from Jack O'Halloran.

Carter holds wins over former state champion Henry Clark, Eduardo Corletti, Ray "Windmill" White and Steve Grant.

In the undercard, Hildo Silva of San Diego will meet Al Stankie of Los Angeles. They are heavyweights.

Heavyweight Mike Weaver of Pomona goes against Bob Swoopes of Oakland in a six rounder, and Jimmy Jackson of Oakland meets Chuck Zellers of Los Angeles in the six round wrap-up.

Tickets are $10, $7.50 and $3.50. Fight time is 8 p.m.

Homecoming Is Sunday At Our Lady of Peace

Alumnae of the Academy of Our Lady of Peace will participate in Homecoming Day — 1973" activities to be held from 2-4 p.m., at the Academy, 4860 Oregon st., on Sunday, Nov. 11.

Students will tell returning grads of new policies and buildings which have been added to their school in recent years.

Ron Waller Replaces Svare as Charger Coach

By Max Goodwin

"I've removed myself from the field and moved myself to the general manager."

That was the opening statement made by Harland Svare, the beleaguered former coach of the hapless San Diego Chargers Monday, at the weekly meeting of the Sportscasters/Sportswriters Assn. at 7 Seas-Hyatt House.

"It is a better team than it was when I came. We couldn't win. I don't know why. I just can't explain it. Losses have been very hard on me. Bad football is hard on me. It's hard on my pride and my identity. But someone has to answer—and I'm the guy."

To Svare's everlasting credit, he never demeaned himself in conferences. Neither was he flippant. He could have tried to give the reporters a snow job—but he didn't. For a coach of a team that produced a miserable 1-6-1 season to date, he showed no lack of dignity.

Team owner Gene Klein then introduced the interim coach —Ron Waller.

Probably the team will do only a little better than it did under Svare. If the team was undisciplined it will remain pretty much the same. An interim coach has a fat chance of making a team toe the mark in mid-season.

Ron Waller, until this week the assistant coach of the Chargers, now has the Charger headaches. He was a star runing back with the Los Angeles Rams 1955-1958 and became the first player signed by the new Los Angeles Chargers in 1960. A knee injury ended his career.

The L.A. Chargers became the San Diego Chargers in 1961.

Klein said that anyone may apply for the coaching job for 1974 and that Waller's interim service would not deny him that privilege.

Klein and Svare denied that the antics of the recent crowds had anything to do with the decision. "The record is not there," said Svare. "There's wins and losses and it's the bottom line that counts," said Klein.

Waller said his coaching record in such places as Delaware, Harrisburg, Pottsville and Norfolk, is 43-6.

It is hoped that some of that ratio rubs off on the Chargers.

The Chargers, with their brand new interim coach, appear on the Denver scene Sunday.

If the Chargers lose that one, it is a good bet the signs at the Stadium at the game with the Saints on November 18 will read "Sack Waller."

The game at Denver will be aired at 1 p.m.

High Rolling Toreros Meet USIU Gridders

University of San Diego's high-rolling offense gets an intracity test this week when the Toreros host crosstown rival United States International University, Saturday, in USD Stadium.

Radio station KSDO (1130) will air the action which begins at 7:30 p.m.

Buoyed by a 47-11 triumph over a strong Azusa Pacific team, the Toreros will greet USIU with an offense that has averaged 417 yards a game and a defense that has given up only 222.6. The offensive figure is balanced with 216.4 yards rushing and 200.7 passing.

USD upped its season record to 6-1-1 last week with the decision over Azusa while USIU dropped to 1-6 after a loss to Cal Lutheran. The Toreros have not lost since an opening game defeat against UC Riverside while the Westerners have not won since a first game victory over Southern Utah.

The two San Diego squads have met twice before, with USIU holding one win and a tie. The Westeners took a 28-18 verdict in 1951 and the teams battled to a 7-7 standoff last year.

In Top Five

Latest National Collegiate Athletic Association Division XII football statistics list USD among the top five teams nationally in eight offensive categories.

The Toreros' total offense average of 408.1 yards per game is second to Monmouth, Ill., and their scoring average of 35.3 ranks next to leader Jersey City State. USD has been passing for 202 yards a game and is fourth nationally.

HOLD IT, LEROY — A Mount Miguel defender stops El Cajon's LeRoy McGee in last Friday night's scuffle at Mount Miguel. Matadors won, 28-0. McGee was held to 72 yards, but topped 1,000 mark with 1,015. (Bill Ott, Jr. Photo)

Matadors Win; Eye CIF Playoffs

By Bill Ott, Jr.

SPRING VALLEY — Mount Miguel, getting super efforts from both the offensive and defensive lines, inched closer to the Grossmont League championship and a CIF playoff berth with a convincing 28-0 triumph over El Cajon Friday night. The Matadors upped their league mark to 4-0-1 in the homecoming scuffle, while handing the Braves their fifth straight loop loss without a win.

The offensive line opened gaping holes allowing the Matador running backs, Tom Gallagher and Steve Fleming for the most part, to rush for 231 yards in 35 carries while protecting quarterback John Madigan adequately, allowing the senior signalcaller to pass for 115 yards.

Defensively the Matadors handled the challenge of containing the league's leading running back, LeRoy McGee. The slippery Brave runner finished the night with "only" 72 yards in 18 carries, his lowest finish this season. Twice the defense held at the Matador 12 with a Rocky Lancaster pass theft and an incompleted pass.

While the Braves had McGee packing the ball, the Matadors countered with their one-two punch, Gallagher and Fleming. Gallagher had another big night with 141 yards in 16 carries, but the big Matador played a big role in setting up the first two Matador TD's in the first half with jaunts of 43 and 31 yards. Fleming scored two of his three six-pointers in the first half on runs of one yard and 44-yards to give the Miguel side a 14-0 halftime advantage.

In the fourth quarter Fleming scored his third touchdown on a combination pass-run that covered 69 yards, while Greg Dixon added an eight-yard burst to wrap-up the scoring.

Mt. Miguel moves to El Capitan tomorrow night to face the Vaqueos who have a chance at the Grossmont League flag with a 4-1 slate, their only loss to Grossmont, also 4-1.

A Matador win would almost assure the CIF post-season play.

"Spring Valley Sally" Debuts In United Way Benefit Album

"Spring Valley Sally" is one of the new selections about San Diego County communities specially recorded in "The KGB Home Grown Album," now on sale to benefit the 1973 United Way campaign.

The idea of a "home grown" album was conceived by radio KGB executives as a replacement for a proposed second benefit rock concert at San Diego Stadium, cancelled because of fire regulations.

The station had received a new novelty record, "Chula Vista," and reaction to its airing was so good that KGB disc jockeys asked listeners to send in other original songs about area communities.

Nearly 150 songs were submitted, mostly by unknown song writers and musicians. The 12 best were chosen for inclusion in the album. Artists who did the recording range from professionals to hobbyists. Critics say that its surprisingly good music and it's all San Diego County.

Copies of the album, "Home Grown," priced at $1.01, can be obtained at KGB, 4141 Pacific highway.

On January 1, 1973, there were an estimated 789,000 milk cows on California dairy farms.

AIRBORNE — Helicopter of the Sheriff's Department, its high intensity lights ablaze, is airborne in response to an assignment. The story, printed here in February, is being disseminated world-wide by ROTO WAYS a magazine for helicopter people.

Helicopter Story Goes World-wide

A story published in this newspaper on February 8 became an international yarn this week.

It was the story of the Sheriff's Helicopter Unit stationed in the east county and of the craft which fly a regular pattern over Lemon Grove and Spring Valley.

The story was titled "Helicopter Log Would Make Good TV Script Storyline" and detailed some of the activities in which the copters had part.

The story attracted attention of the publishers of ROTO WAYS, a publication of the Bell Helicopter Co. ROTO WAYS is distributed to the helicopter community all over the world, according to Sheriff's Lt. Bob Morse, commander of the Helicopter Unit.

The story had to do with 11 assignments in which the helicopter completed satisfactorily —either with apprehension of evil-doers or with ambulance service to the injured.

The story also pointed out that the Helicopter Unit bears a hard-to-handle title — Aerial Support to Regional Enforcement Agencies. The acronym is ASTREA. Astrea, according to Greek mythology, was the goddess of safety. The story was written by Max Goodwin.

Riverside Is Test Area For CHP Car Smog Tests

Smog checks will be run in early November on approximately 10 percent of the vehicles owned by residents of the City of Riverside.

Twelve California Highway Patrol vehicle safety inspection teams equipped with exhaust gas analyzers capable of measuring carbon monoxide and hydrocarbon emissions will be assigned to the task.

Sup. Insp. V. E. Black said the recent acquisition of an additional 20 analyzers now permits the CHP to fulfill its statutory responsibilities in the field of vehicle smog control. According to Black the emission tests will be conducted as part of the routine vehicle safety inspections the Patrol has been conducting since 1967.

Under the current program the CHP will perform 24,000 vehicle safety inspections in Riverside County by next July.

Black said that in addition to helping meet its safety inspection requirements, the CHP will develop data pertaining to vehicle emissions that can be applied on a statewide basis.

"Until the new equipment arrived," Black explained, "we had only eight analyzers which were scattered about the state. Since no significant facts could be obtained from their use we could not tell whether we were obtaining the most positive results.

"After we are through in Riverside, we can disperse the teams to their normal locations, check a similar total number of random vehicles and after comparing the results arrive at some logical conclusions as to what type of CHP program will provide the most good."

Black predicted that perhaps 25 percent of the vehicles checked will fail or require engine tune-ups or adjustment of smog control devices to bring them down to legal limits.

SV Library Showing Children's Shadow Plays November 15

Disabled Veterans Get Higher VA Allowance

Rules on the $150 annual clothing allowance paid by the Veterans Administration have been broadened to include disabled veterans and military retirees who wear colostomy, ileostomy, or similar devices for service-connected conditions.

The announcement was made by Gordon R. Elliott, Director of the Los Angeles Veterans Administration Regional Office.

Annual clothing allowances are authorized under Public Law 92-328 for service-disabled veterans whose prosthetic or orthopedic devices (artificial limbs, braces, wheelchairs, etc.) tend to wear out or tear clothing.

County Bans Smoking

Smokers who visit any county building will have to do without cigarettes soon.

An ordinance is being prepared that would ban smoking anywhere but hallways and restrooms and anywhere the public can enter without invitation.

The ordinance would be submitted to the supervisors in December.

Supervisor Expansion

A charter change has been proposed that would increase the size of the County Board of Supervisors from five to seven members.

If agreed upon by the present board, it would come up for vote in June, 1974.

First Autumn Festival Is Set By St. John Catholics

Hundreds of Lemon Grove Catholics activated themselves this week as St. John of the Cross Church began elaborate preparations for its first annual autumn festival to be held Dec. 1-2.

Parishioners signed long lists of "activity sheets" Sunday in response to a call for participation made from the pulpit by Mr. John Stenbeck.

Father Patrick Kearney said that through the years his 1700 family parish has had trouble getting acquainted, and that many members had found that being active in church events had helped them to feel more involved in the Christian parish. "I urge every member to help in the autumn festival," he said.

Heading the two-day celebration is Mr. Peter Corrao. Dinner chairmen are as follows: dinner ticket sales, Mr. J. Rasconi; hall preparation, Mr. Keith Thornton; food purchases, Mr. Ralph Weissman; chief chef, Mr. Phil Hannibal; sala chef, Mrs. Carol Mercurio; food serving, Mrs. Hannibal; coffee chef, Mr. Cecil Gibson; hall clean-up, Mr. Roger Elliott.

For the downstairs festival events, Mary Giacinto will be in charge of the homemade foods sales; Eleanor Glode, the country store; John McCrea, games; Doloris Miller, fish pond; Mrs. Gibson, candy counter; Mary Alessi, sandwiches; Roger Elliott, soft drinks; Sadie Winans, white elephants and Christmas gifts counter.

The Junior Catholic Daughters will babysit for the young parents who come to the festival.

Guitar Ensemble Plans Recital

Grossmont College's Office of Community Services will present the San Diego State University Guitar Ensemble in a free recital at 11 a.m., Friday, Nov. 9 in the Fine Arts Recital Hall.

The ensemble, under the direction of John Lyon, will present a varied program of classical guitar music in the form of guitar duets and trios and guitar and flute.

Marching Band Rummage Sale Set Saturday

A rummage sale which will feature baked goods and novelty items will be held Saturday by the San Diego Boys Marching Band at 8095 Imperial ave., Lemon Grove.

Funds realized from the sale will be used to help finance the band's trips around the country, with much of the proceeds earmarked for a journey to Calgary, Canada, in 1974. The band took third place honors at this year's Calgary Stampede, and were invited to return next year.

Originally the Bonham Brothers Boys Band, the group has had several different sponsors, the latest being Home Federal Savings. In addition to rummage sales, the boys also collect aluminum cans and newspapers as added fund raising means. Donations to the band may be made by calling Mrs. J. Jacques at 295-7996, and any boy between 9 and 17 interested in joining the group may get further information from the same source.
